

DOMO 3-3

Code: K633

Description

Climbing frame with stylistics referring to the shapes of the snail and vivid colors. Construction and slide made of stainless steel resistant to weather conditions and intensive use. Posts are ended with balls so construction looks like a snail horns. Floor is made of HPL with non-slip texture. Thanks to this solution the floor is soft, safe and it is not heating during sunny days and it is not freezing during the winter.

Colorful playground set consists of three towers with two covered by roofs.

Optional in colors: orange, red, blue and bright green (Multicolor) or grey and brown (Nature).

Playground device consists of

3x towers which two have roofs

1x stainless steel slide
1x entrance ramp with rope, banisters and round elements
3x anti-slip platforms
3x entrance ladders
2x fire pipes
2x panels with porthole
1x spiral ladder
1x bridge consists of wheels suspended on chains which connect two towers
3x climbing walls with holes and with nets
